UID - Nummer: ATU20151608

## Declaration of incorporation

according to the EU Machinery Directive 2006/42/EC, Annex II 1. B  
for partly completed machinery

### Hersteller

Grasl Pneumatic Mechanik GmbH  
Europastraße 1  
AT - 3454 Reidling

### In der Gemeinschaft ansässige Person, die bevollmächtigt ist, die relevanten technischen Unterlagen zusammenzustellen

Hartwig Grasl  
Grasl Pneumatic Mechanik GmbH  
Europastraße 1  
AT - 3454 Reidling

### Description and identification of the partly completed machinery

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

| Function          | Der Alarm- und Lüftungskasten dient als Steuerung für Rauch-Wärme-Abzugsanlagen und hat eine zusätzliche Lüftungsfunktion im Normalbetrieb.<br>Beim RWA-Betrieb wird mittels Eingangsbefehl Taster / elektrisches/ pneumatisches Signal die Energie einer CO2 - Flasche freigegeben welche zum Betrieb von RWA - Anlagen in einer Höhe von 2,5m geeignet ist.<br>Beim Lüftungsbetrieb wird mittels Eingangsbefehl Handhebel/elektrisches Signal die Energie der bauseitig angeschlossenen Druckluftversorgung freigegeben. |

It is declared that the following essential requirements of the Machinery Directive 2006/42/EC have been fulfilled:

1.1.3, 1.1.5, 1.2.1, 1.2.3, 1.3.2

It is also declared that the relevant technical documentation has been compiled in accordance with part B of Annex VII.

It is expressly declared that the partly completed machinery fulfils all relevant provisions of the following EU Directives or Regulations:

|            |                                                                                                                                                                                                              |
|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2014/68/EU | Directive 2014/68/EU of the European Parliament and of the Council of 15 May 2014 on the harmonisation of the laws of the Member States relating to the making available on the market of pressure equipment |
|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### Reference to the harmonised standards used, as referred to in Article 7 (2):

|                      |                                                                                                                |
